

'English 4 Refugees'

is our philanthropic initiative that offers global refugees a free 8 week intensive English language short course to help them navigate a new country using a new language.

WE NEED MORE VOLUNTEERS!

- CERTIFIED ENGLISH TEACHERS
- CONVERSATION PARTNERS

What we offer:

As an Executive Voice, Accent & Communications Coach, I felt the need to create a programme that would create impact and help more people than I could after donating money, items and sorting donations at my local community centre.

Hence, the birth of this programme. We have been curating a course syllabus with volunteer teachers to teach our global refugee participants the most essential and practical material needed to help them settle in easier into their new homes and countries.

We offer an 8 week intensive short course, where the participants study with one of our English teachers volunteers from around the world for 3 hours per week.

This programme is inclusive and open to ALL REFUGEES around the world.

**IF YOU ARE A CERTIFIED ENGLISH LANGUAGE
TEACHER & WANT TO HELP:**

PLEASE SEND YOUR CV AND RELEVANT EXPERIENCE TO

How you can help us:

This initiative is a global volunteer effort all around building community!

We are constantly looking for more TEACHER VOLUNTEERS to teach and CONVERSATION PARTNERS to help our participants build the confidence they need with conversational practice.

If you are a native or advanced-level speaker of English and can spend 1 to 2 hours a week to help one of our refugee participants practice speaking in English, please apply via the link below.

We are inclusive and welcome all accents - the main point here is having clarity of communication in your speech!

About us:

My name is Sylvie and I'm an Executive Voice, Accent & Communications Coach based in London, UK (Canadian expat) and Founder of SLVC Voice Training in London.

We are not a refugee charity, but just a solopreneur and a volunteer army of people who want to share our generosity of time and knowledge with those who need it most.

This programme started the 1st week of March 2022 and has been a successful endeavour to date. We receive 100 refugee registrants per week on average and launch up to 10 courses per week for our participants.

Every week we need 100+ new conversation partners a week, so please spread the word. Thank you in advance and who knows... you might even make a lifelong friend through this!

Very best wishes,
Sylvie Lui, MFA FRSA
